

VINFAST

LUX A2.0

LUX A2.0

**STRONG & ATTRACTIVE**

VinFast LUX A2.0, the perfect sedan emanating from its design with an elongated front, classic rear clawed body, large rims and tires, all the elements help make a splendid car.

**SIGNATURE DESIGN**

Featured at the front of the car is a chrome V-shaped logo placed on a black background, a decorative strip of LED lights radiating from the base of the logo across the front brings a strong light effect, creating more mystery for the vehicle. In addition, the asymmetrical chrome bar on the left grille cleverly forms a "F" shape in the VinFast word, creating a distinctive mark of VinFast automotive products.

**MODERN LIGHTS**

The front of the car is designed to simulate the nose of the aircraft, creating an imposing and unique look when viewed at an tilted angle. The headlights are set lower than usual with the slim LED daytime running lights, creating a sense of mystery, elegance and fashion for the LUX A2.0.

**UNIQUE TAIL**

The tail of the VinFast LUX A2.0 is designed with clear ribs and angles. Reflectors and rear fog lights together with flat-face exhaust pipes and rear bumper provide an aerodynamic feel.

**10.4" TOUCH SCREEN**

In the central area is the interior heart, the 10.4" touch screen, where customers can choose to display beautiful pictures of Vietnam.

**AMBIENT LIGHTS**

The interior LED strip stretches in the cockpit to create a perfect connection from the center console to the door, highlighting the soft lines.
