5. TRACTION CONTROL SYSTEM - TCS

4. TRACTION CONTROL SYSTEM - TCS
The intelligent driver assistance feature warns the driver when the vehicle begins drifting out of its lane. Send warnings to the driver when there is a moving vehicle in the blind spot of the driver. Helps the driver feel secure when parking the car, and simultaneously assists in observing all surrounding details when the car is moving. Includes 2 airbags in the Driver’s seat and the front passenger seat. Both having a front-side airbag and a curtain airbag, ensuring the complete safety of all persons in the vehicle in the case of a crash. The intelligent driver assistance feature warns the driver when the vehicle begins drifting out of its lane.
